DETAILED ACTION

Establishing Right of Assignee to Take Action

1. The reissue oath/declaration filed with this application is defective (see 37 CFR 3.73(b)) because of the following: Assignee failed to indicate the extent of ownership interest by either percentage or entire right.

Claim Rejections - 35 USC § 251

2. Claims 7-34 and 37-61 are rejected under 35 U.S.C. 251 since error "without any deceptive intention" has not been established. Applicant has claimed subject matter in the reissue application that was canceled in response to a restriction requirement during prosecution of the original patents, 6,011,772. *In re Orita*, 193 USPQ 145. Reissue may not be utilized to reclaim subject matter which was nonelected in the original applications. 35 U.S.C. § 251 cannot be used to circumvent other statutory requirements, e.g., the copendency requirement of 35 USC § 120 for filling divisional applications on nonelected subject matter. This also applies to broadened variations of nonelected subject matter. (See MPEP 1402 and 1450). Specifically, Species IX, figure 12, and Sub-Species III, figure 3, was elected in paper #7, received November 14, 2000, which is directed to rendering the disk unreadable due to a source of optical radiation. Claims 7-17 belong to Sub-Species VI, figure 17, for example, which is directed to rendering the disk unreadable due to ambient air or moisture. Claims 18-34, and 37-59 belong, for example, to Species VI, VII and VII, which is directed to rendering the disk unreadable due to ambient air or moisture or solvent.

Response to Arguments

3. Applicant's arguments filed June 6, 2007 have been fully considered but they are not persuasive. Applicant, at the bottom of page 10, proposes a restriction requirement be entered in the current application. The proposed restriction requirement is noted; however, the restriction requirements and the elections in the previous cases have been made and are considered proper.

Allowable Subject Matter

4. Claim 1-6 allowed.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
